

Hebridean Island Images

is pleased to present
“The Island Dream”

After the highly successful “An Eye on the Hebrides”
we are pleased to present

“The Island Dream”

An exploration of the islands on the edge,
their isolation & fragility, their charm & allure,
whilst meeting some islanders who have chosen to live
“*the island dream*”

“The Island Dream”

This presentation lasts for an hour and three quarters, allowing for a fifteen minute coffee/tea break after the first hour.

The show is personally presented and looks at the way of life of both islanders and visitors to the smaller and more remote Hebridean islands.

The images, most of which were taken during May/June 2009, are arranged in a series of audio visual sequences. They show, in both pictures & music, the appeal of the Hebrides for visitors and those who have chosen to live “*the island dream*”.

I supply all the equipment required, even a screen if needed.

If not already booked, I could come along at just a few hours notice.

If you would like more information on this or the other presentations, “An Eye on the Hebrides” & “Hebridean Hopscotch”, then call me.
